Yes, agreed on the Jeff Macy move. I am thinking Kyle and baseball could share the downstairs office since both will use it sporadically. Or, assuming Kyle just needs a work space and access to a printer, there are also other areas throughout VFC and Reser that he could use. We can easily adjust accordingly once we have an idea on how much both Kyle and baseball are needing office space.

We've also discussed moving Jeff Macy to Kyle's old office. Kyle should have a lower valued spot somewhere as well so please factor these in.

All,

#1683.1

Wanted to give some thoughts on the potential office moves to ensure we are all on the same page on how we could move forward:

1. Baseball can be out of their current office space by July 11<sup>th</sup>.
  1. We will give them an empty office downstairs (Jason Dalrymple's old office) as an office for them to have when Mitch and/or others need a private area.
2. With baseball's move being confirmed, we can now discuss with better certainty the move with volleyball. Jacque, when would you like for us to do that?
3. We will presumably want some time after baseball departs the area for ABM to do a solid clean of the area. I can schedule that with Sam.
4. Volleyball can then move into the vacated baseball area around July 16<sup>th</sup>.
5. Once volleyball moves, we'll have BSP assume the vacated volleyball offices so that they have enough room for Aaron, Justin, and others. Any cost of changing the office space in that area will be BSP's responsibility and Aaron has acknowledged that.
6. With baseball taking the office in the basement and Aaron Babcock moving down to the vacated volleyball area, we can then put Blueprint in the office by the Experience Center that is currently being used by Aaron Babcock. This meets the requirement in the agreement with them.
7. We can also do another walk-through of the currently shared BSP/Volleyball space with an expanded group to see what we can do to maximize the space as a premium area/lounge for courtside ticket holders in a cost-efficient manner. I've run the idea by Aaron Escobar and he has some thoughts on donors that could subsidize the project.

Please let me know your thoughts and we can talk more when we meet on Monday.

Thanks,

Brent
