Ok, so if they want hourly I will break that down also. I am going to send info back to procurement – will let you know if anything else is needed and when this goes out for signature

I have not discussed an invoice schedule with Kyle although we did discuss a monthly rate. Perhaps we have him invoice us at \$12,500 per month.

Hi all we are close to the end on this -

See attached. This is almost ready to go out, I need a few questions answered from you and Brent.

Brent- not sure if you had a chance to review, or have any changes or input? If so let me know, also what are you thoughts on background check and FERPA data?

Scott-

We will need to understand what the pay rate is- as we talked about he will need to bill us based on work performed We have the cap of \$150k but do you have thoughts on how he will bill us? Hourly etc?
